Bordeaux, France

- **Data Science & Analytics:** Statistics, Python, SQL, BigQuery, DBT, Scikit-learn, Hugging Face, Looker Studio.

PROFESSIONAL EXPERIENCE

TotalEnergies

Sept. 2025 – Present

Data Analyst (Graduate Apprentice)

Paris, France

- **BI Project Ownership:** Gathered business requirements from stakeholders, designed and built Power BI dashboards, and drove continuous improvement through user feedback, maintenance and updates.
- **Strategic Decision Support:** Built data-driven analyses and executive slides for top management above the subsidiary, stress-testing strategic hypotheses with business logic and evidence to support high-level decision-making.
- **Process Automation:** Automated email reporting and built data pipelines (Python & SQL, Databricks & Microsoft).

Le Wagon

Jan. 2025 – Aug. 2025

Data Analyst Teaching Assistant (Freelance)

Bordeaux, France

- **Technical Mentorship:** Coached 30+ students through hands-on SQL, Python (Pandas/NumPy) and BI training, simplifying complex concepts for fast skill acquisition.
- **Project Supervision:** Guided student-led final projects on data visualization and predictive modeling, from scoping to final presentation.

Project Management

Apr. 2018 – Oct. 2024

Project Manager - Construction & Real Estate

Bordeaux, France

- Managed 50+ residential projects end-to-end, from scoping and planning to execution, monitoring and on-time delivery.
- Coordinated multidisciplinary teams, suppliers and clients, keeping projects on track through constant problem-solving.
- Owned project budgets and timelines, anticipating risks and correcting deviations to deliver on quality and deadlines.
